While having so much fun!

S.U.P.E.R Saturday

Supreme Unity Perpetuating Eternal Revolution
The self-empowering motto is "Each One Teach One"

The program engages youth in positive activities that boost their self-esteem and social competence while at the same time, creating visible change among their communities and peers. Our mentors volunteer their time and share their knowledge and skills while striving to instill values of self-respect, self-worth, self-love, and self-betterment through spiritual enlightenment and education with their mentees. The mentors provide guidance and support through various academic activities that include math, reading, spelling, art, music, and weekly after-school tutoring. The program encourages youth and young adults to focus on the significance of leadership, community service, civic involvement, and social values and life skills.

- Program begins 9:30 a.m. ends at 3 p.m.
- Breakfast/Snack/Lunch
- Tutoring
- One on one mentoring
- Participate in fundraising, health fairs, community day, parades, youth summits and violence prevention forums, plays, sporting events, Washington DC tour, overnight lock in and other various events and activities.
- Interactive learning activities to strengthen academia
- Team building and empowerment workshops foster positive social skills
- Interpersonal communication builds positive relationship skills
- Arts and crafts and fine and performing arts fosters and enhances creativity
